Primary Contributing Factors

Primary Contributing Factors	
The CCFP IT Solution will generate a summary of the selections made for the following sections: - Contributing Circumstances for Roadways, Vehicles, and Non-Motorists - Driver Actions at the Time of Crash - Driver Conditions at the Time of Crash - Driver and Non-Motorists Distracted By - Non-Motorist Action at the Time of Crash	Based on the summary, the CMV Data Analyst will be able to coordinate with the State investigation team to select and the top three primary contributing factors for that crash. Primary Contributing Factor 1 Primary Contributing Factor 2 Primary Contributing Factor 3
